## SOFTWARE

Final Cut Pro   
Pro Tools   
Logic Pro 

I have a diverse skill set for any position that needs creative intelligence and critical foresight.

I have a strong platform of experience from different aspects of multimedia that range from audio engineering, video production, photography, and creative direction. My main goal is to make a strong impact by overcoming obstacles and showing promise with every action I make. I am a strong team player, but can also lead with diligence and zeal.
