- 

## Key Skills

---

Visual Effect Editing Audio Mastering Color Correction Producing  
Planning Shots Story-Telling Script Writing Camera Operating Directing

---

## Professional Experience

---

Faceless Films — Lynchburg, VA Editor, 2017 to present

To do whatever needs to be done to complete projects, more specifically features and shorts. I've mastered audio, created visual effects, written scripts, helped craft stories, and acted under the company.

- Balanced my grades as a student with the hours of work dedicated to projects produced by the company.
- Completely mastered the audio for "Radio 1.0", the companies first short film.
- Helped on set and acted for company projects, never missing an opportunity to make a better finished product.

---

## Internships

---

Emerging Moda — Baltimore, MD Intern, 2019

- Interned at a fashion advising company, headquartered in downtown Baltimore City.
  - Responsible for company content creation across platforms including youtube, instagram, and the companies website.
- 

## Education

---

Liberty University — Lynchburg, VA BA in Digital Video.  
Worked as an on set editor and director of post production for several projects.

---

## Film Festivals

---

*5 Hour Film Festival | Student Activities Film Festival*

- Directed and edited for a short film that won “Best of the Fest” as well as “Audience Choice” at Liberty University’s 5 Hour Film Festival.
  - Directed and edited for a Star Wars fan film with made it into the Student Activities Film Festival, which is a school wide film festival.
-
