

TAYLOR JAMES PARAL

ACTOR/MODEL/IMPRESSIONIST/V.O.
WORKER/PERFORMER/MOTIVATIONAL SPEAKER/TEACHER

PROFILE

Taylor grew up in Wisconsin and Minnesota and eventually moved to Colorado to pursue his dreams. All his life he loved the arts and found things he loved about all types of movies and television. Most of his role models were always famous actors and performers and he took on much of the positive qualities he saw in them. He always had the quality and skill of a major actor/performer but where he lived there was no opportunity for skills like that. He started businesses and worked himself to management at many different companies and never found what he was looking for. Now that he has found himself in television and media, he has finally found where he belongs and knows what he is meant to do!
