## EXPERIENCE

### POST-PRODUCTION INTERN – IMMORTAL CINEMA INTERNATIONAL

January 2021 - May 2021

- Aided ICI's editing workflow by working on various projects such as commercials, promo videos, short films, and music videos
- Edited a trailer for a Masterclass program entirely from scratch, using raw footage, stock footage, music tracks, SFX, and After Effects graphics to piece the trailer together
- Practiced quick turnaround times by taking folders of interview footage and b-roll and generating assemblies and first cuts of promo videos for VCA Animal Hospitals
- Created many graphics in After Effects, and strengthened editing skills such as masking, rotoscoping, coloring, sound design, and cutting with purpose

### VIDEO PRODUCTION INTERN - FITSCRIPT

June 2019 - August 2019

- Assisted in the production of promotional videos, photo shoots, and weekly livestreams by setting up lights and cameras inside the studio
- Generated 5 videos promoting the benefits GlucoseZone has towards diabetes management; 2 of them have been published to Facebook

## FILM PRODUCTION SKILLS

### CINEMATOGRAPHY/CAMERA WORK

- Director of Photography for Senior film and for nine freelance music video shoots
- Operated the RED Scarlett-W for my senior thesis short film "Til Death"

### LICENSED DRONE PILOT

issued May 2021

- Remote Pilot with small UAS rating – able to fly drones and UAVs up to 55 lbs

## RELEVANT SKILLS

### ADOBE PREMIERE PRO

- Assembled 8 short films for five different film classes through over four years of editing and exploration with this software

### FINAL CUT PRO X

- Strengthened my passion for film production and editing through three years of learning and familiarization with this program

### ADOBE AFTER EFFECTS

- Broadened editing skillset with concepts like keying, masking, rotoscoping, motion graphics, keyframing, and expressions through one year of practice with this software
